

INTEGRATION, COUNSELLING AND UPSKILLING OF MIGRANTS AND REFUGEES FROM LATIN AMERICA AND THE CARIBBEAN INTO THE LABOUR MARKET

GET READY FOR OUR ONLINE COURSE!

During the last months on our project and since partners met in Padova at the end of September, the online course has been refined to its final version. Now, the partners will translate into the different languages and the course will be ready in Spanish, Catalan, German, Italian and French by January 2024.

The course is divided into two main areas: one aimed directly at migrants, and the other aimed at companies that want to be more inclusive. It covers topics ranging from inclusion and communication in the workplace, CV writing techniques and interviewing, interpersonal skills and emotional intelligence in the workplace, to workers' rights and cultural adaptation. Don't miss it!

THIRD TRANSNATIONAL MEETING IN BRUSSELS!

On November the 16th, partners met in Brussels for the third management meeting of the project, to go through both the activities done and pending tasks and coordinating the next steps. Partners from CONEXX-EU hosted the meeting at VUB (Vrije Universiteit Brussel), which kindly lent us the space for this purpose.

During this meeting we outlined the final details of several of the products we have been working on this year, and agreed on the objectives for the last meeting to be held in Valladolid next February.
